The firm of Gephart Bros. of Tremonton is enlarging the business quarters of its store in the addition of a large and roomy rear structure which, when completed, will give the firm about twice the present room and create for that town one of the most modern department stores in Box Elder County. We wish them every success in their new locality.

### PURE WATER FOR COUNTY SEAT

The citizens of Brigham City last week voted to bond the city in the sum of \$80,000 for the improvement of the city's water system. Out of 158 votes cast, only seven were against the proposition. Garland congratulates the people of the county seat, realizing what a blessing our pure water system is to us and knowing that they will bless the day that the bonds were voted. Everybody sings praises of Garland's pure water system, which is the best in the state.
